

Understanding the irony: Canadian gay men living with HIV/AIDS,  
their Catholic devotion, and well-being

## **Are you a gay man living with HIV/AIDS & a practicing Catholic?**

### **Does persevering in your Catholic faith and practices help you overcome experiences of prejudice against gay men & stigma associated with HIV/AIDS?**

If your answer to both questions is "Yes", would you be willing to participate  
in a confidential one-on-one interview for a research study?

This study aims to explore why gay men living with HIV/AIDS persevere  
with their Catholic faith and how practicing Catholic teachings helps them  
overcome harassment & discrimination brought about by prejudice against  
homosexuality & stigma associated with HIV.

If you are interested to participate in this study, please  
contact Renato Liboro of Wilfrid Laurier University: [libo0730@mylaurier.ca](mailto:libo0730@mylaurier.ca)

*\*Participants will receive an honorarium of \$25 for their time & involvement*

8-12 participants are needed between March 2014- Feb 2016 for a 60-90 minute interview
