

OHTN Cohort Study Acknowledgements

Please find below the most recent OCS Authorship and Acknowledgments content. Please note this is the “generic” text. Please tailor appropriately if your OCS Project requires any further acknowledgements.

1. We kindly ask that you acknowledge the "**OHTN Cohort Study Team***" as an **author**. Use an asterisk (*) to indicate the members of the Research Team in the acknowledgments (or collaborations) section. You can copy and paste the following paragraph:

*The OHTN Cohort Study Team consists of Drs. Abigail Kroch (Principal Investigator), OHTN and University of Toronto; Beth Rachlis, OHTN, Dignitas International and University of Toronto; Ann Burchell, St. Michael's Hospital and University of Toronto; Kevin Gough, St. Michael's Hospital; Jeffrey Cohen, Windsor Regional Hospital; Curtis Cooper, Ottawa General Hospital; Don Kilby, University of Ottawa Health Services; Fred Crouzat and Mona Loutfy, Maple Leaf Medical Clinic; Anita Rachlis, Nisha Andany and Nicole Mittmann, Sunnybrook Health Sciences Centre; Irving Salit, Toronto General Hospital; Michael Silverman, St. Joseph's Health Care; and Roger Sandre, Sudbury Regional Hospital.

2. We also ask that you acknowledge the **volunteers** and **support teams** of the OCS:

We gratefully acknowledge all of the people living with HIV who volunteer to participate in the OHTN Cohort Study. We also acknowledge the work and support of OCS Governance Committee and Scientific Steering Committee members: Joanne Lindsay (Co-Chair), Adrian Betts (Co-Chair), Les Bowman, Tracey Conway, Mark McCallum, John McTavish, Colleen Price, Rosie Thein, Claire Kendall, Breklyn Bertozzi, Sergio Rueda (Chair), Ann Burchell, Beth Rachlis, Barry Adam, David Brennan, Curtis Cooper, Trevor Hart, Mona Loutfy and Kelly O'Brien. The OHTN Cohort Study also acknowledges the work of past Governance Committee and Scientific Steering Committee members.

We thank all interviewers, data collectors, research associates, coordinators, nurses, and physicians who provide support for data collection. The authors wish to thank OCS staff for data management, IT support, and study coordination: Madison Kopansky-Giles, Robert Hudder, Lucia Light, Veronika Moravan, Nahid Qureshi, Tsegaye Bekele and Adam McGee. The OHTN Cohort Study is supported by the Ontario Ministry of Health and Long-Term Care.

3. If you have used data from **Public Health Ontario** (for example, measures of viral load), we ask that you both **acknowledge** PHO, while adding a **disclaimer** that they do not necessarily support the work:

We also acknowledge the Public Health Ontario, for supporting linkage with the HIV viral load database.

The opinions, results and conclusions are those of the authors only. No endorsement by the Ontario HIV Treatment Network or Public Health Ontario is intended or should be inferred.

4. If you **did not use** data from PHO, please still indicate that the findings of your work are not necessarily endorsed by the OHTN:

The opinions, results and conclusions are those of the authors only. No endorsement by the Ontario HIV Treatment Network is intended or should be inferred.

Please contact the OCS Study Coordinator at ocsinfo@ohln.on.ca if you have any questions.
