Please note that you need to register to the new OCHART to use the system. Credentials that you have for the old system won't work in the new one.

Clicking the start button on the left side will take you to the old OCHART system. If you click this accidentally, please click the back button on your internet browser. Next, click the start button on the right.

Type in your "Username" (your work email address) and your "Password". Click "Login".

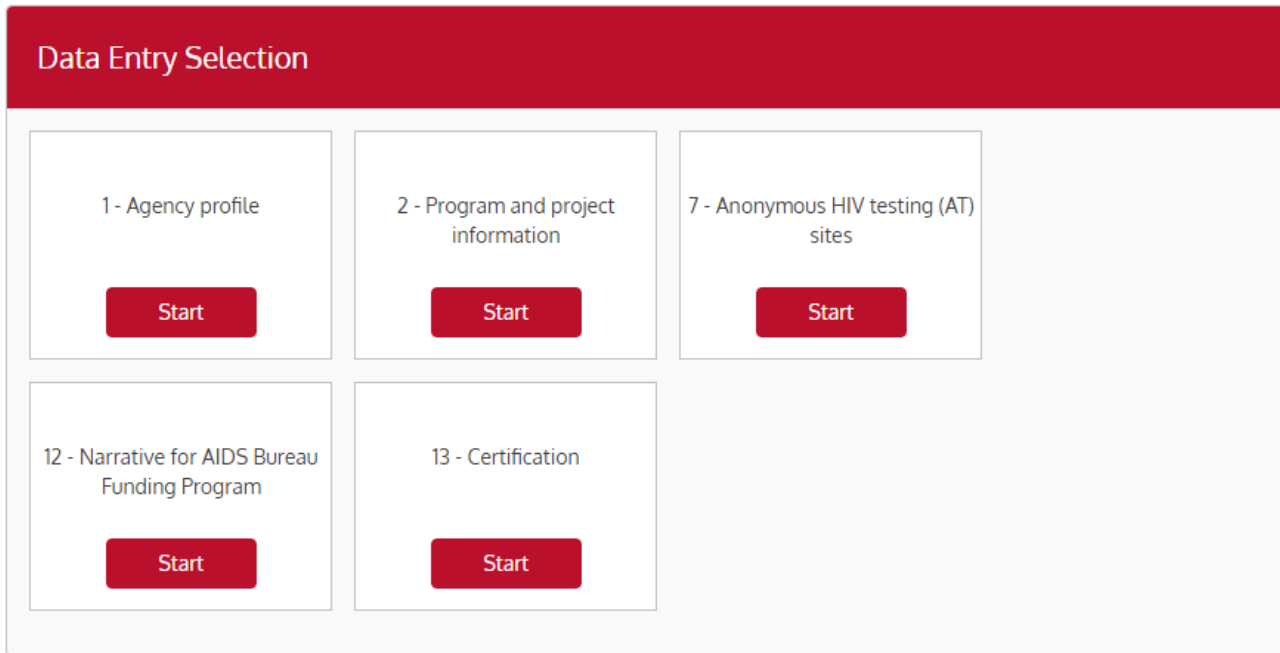

You must have an existing OCHART account in order to login. If you are a first time OCHART user and do not have an account, go to the section titled, "How to Register" for step-by-step registration instructions.

Click "Enter OCHART Data" (left side).

You should see OCHART sections as pictured below.

If you do prevention, education, and outreach activities with service users, you will see an additional section called "3 - Prevention activities for service users".

If you provide education for service providers and community development, you will see an additional section called "4 - Education for service providers and community development".

If you provide support services, you will see an additional section called "5 - Support services".
