

The Ontario HIV Treatment Network (OHTN) is inviting applications for new Board Directors

The OHTN Board of Directors is a diverse and dynamic set of leaders with a shared vision to use our work to improve the health and lives of people living with HIV in Ontario.

We are seeking engaged and thoughtful leaders to join our non-profit Board of Directors to help us provide governance and strategic guidance to an organization that plays a fundamental role for the HIV sector in Ontario.

The OHTN brings together people and expertise, fosters leadership in research and practice, and champions evidence-based policy and practices that will strengthen health systems and services. When we do our job well, we can support the sector to reduce new HIV transmissions and improve the lives of people living with or vulnerable to HIV.
